

#RestaurantsWork

“Dishwashing at 10 — cooking at 14 — managing a restaurant from 19 to 23 while working my way through college and then buying a restaurant, assuming the lease, at 23. We worked 16 hours a day for years, but at the end of the journey, we built 16 more like it.

The restaurant industry will give you the pathway to the American Dream: owning your own business or just living the life you’ve been dreaming of.”
